

Awards to Students

The Stafford County School Board approves of community sponsored awards for students who achieve high academic standing, outstanding citizenship, physical expertise and other characteristics that will make them better citizens. The school board, however, does not approve of giving awards to students where the basic purpose is obviously commercialism or as incentives in any fund raising or promotional activity.

Adopted by School Board: March 24, 1987
Amended by School Board: February 12, 1991
